

TAKING WORSHIP INTO YOUR WEEK

2021 | VOLUME 1 | NUMBER 1

Following the brightness of Christmas, **our lives become brighter still** as the Lord creates a light for the Magi to follow in their search for the newborn King. They were led to him, just as God led us to our Savior; they worshiped him, as we are called to do now, and they presented him with gifts which symbolized the worth they placed on his arrival in the world, as we now have the honor to do. The darkness may come into our lives, but he who is the “Light of the world” will never be dimmed by it.

1. Look up “Epiphany” online and compose a short definition of it here.
2. Turn to Mt. 2:1-12, read and remember this great event, and think of good reasons why the star attracted Magi, “wise men,” from Babylon or Persia, and not from Israel? What was God’s purpose in beaconing to those who were “not his people?”
3. Using your concordance, in whatever form that takes, look up the word “light,” and find examples of the word used this way (make notes and ponder what you have written):
 - As a description of wisdom
 - As a description of God’s inscripturated Word
 - As a description of Jesus
 - As a description of us
 - As a description of what God’s power does
4. Into what darkness around you and in you does this light most need to shine?

Happy Epiphany!
